ahsan.Ahmed.026@gmail.com | +923322637288 | Karachi, Pakistan

LINKEDIN | GITHUB

## EDUCATION

VIRTUAL UNIVERSITY OF PAKISTAN  
BS IN SOFTWARE ENGINEERING

May 2022 - Continue  
Karachi, Sindh

## EXPERIENCE

CQUARK | SENIOR SHOPIFY DEVELOPER

Karachi, Sindh | November 2022 – Continue

I create custom Shopify websites using HTML, CSS, JavaScript, and Liquid. I also develop custom Shopify apps with Remix and Shopify CLI 3.0. My goal is to provide the best possible solutions for businesses on the Shopify e-commerce platform.

ARCANA INFO | TRAINING, IIB IBM INTEGRATION BUS v10 Karachi, Sindh | September 2022 – October 2022

Underwent a one-month training in IIB, focusing on connecting and integrating applications, data, and services across different systems.

Gained knowledge of XML usage within IIB.

## PROJECTS / OPEN-SOURCE

SHOPIFY CHECKOUT EXTENSIBILITY APPS    JavaScript, React, Remix, TypeScript, Shopify Functions, Shopify CLI, Heroku, fly.io

- Created various **checkout extensibility apps** with features such as upsell, timer announcement bars, benefits sections, and review sections .
- Developed and implemented checkout extensibility apps for clients with proper hosting using **heroku** and **fly.io** .
- **Improved conversion rates** and **customer engagement** by adding these essential features to the checkout process.  
Some apps are given below
- **Dynamic Product Pricing calculator**
- **Payment Sorting App**
- **Product Bundle App**
- **Cash On Delivery Fee**
- **Insurance Upsell Product**

FIGMA TO SHOPIFY

HTML, CSS, Liquid, JavaScript

- Built an entire Shopify store from scratch, bringing Figma designs to life.
- Successfully created a fully functional Shopify store based on client provided

Figma designs.

- Collaborated closely with the client to ensure the designs accuracy and brought their vision to reality.

Here are some Examples.

- **Gari Parts**
- **Chouette Market**
- **Half-bak'd**
- **TAGGYPRO**
